Happy Thanksgiving!

We wish you all a Happy Thanksgiving! May you all enjoy the season to slow down and enjoy those that God has placed in your life.

Another Milestone

Over this season of teaching and discipleship, God was gracious, enabling the teaching of 90+ lessons; 60 of those lessons were new materials. Because of having a captive audience, a hungry crowd of students are able to learn a great deal in a few short months. This amount of information would take some Western churches several years due to service scheduling, teaching venues, or segregated classes.

This does not include the teachings from the Tiale pastors, which was over 100+ lessons. Adding into the mix, three churches and two pockets of believers in five locations, which means nearly 250+ more lessons have been preached across our ministries. Additionally, we host conferences, special events, and various ceremonies which are all opportunities for the Tiale people to share God's Word.

We are grateful to God as He has matured the Tiale people, it has been a labor of love, God has been gracious to sustain the effort in the work, and the desire for the Tiale people to grow more, as they fall deeper in love with their God and Savior. Continue to pray for the development of lessons, that will help strengthen their walks with God.

Pray for the Students

We would especially ask for you to please pray for the students; specifically for the two students who are not from our village. During school break, the students go back to their homes, one of which will start plating seeds to one day build a church on his home island. Pray that they stay strong in their walks with the Lord, and do not succumb to external pressures. We would also ask for specific prayer for the previous two students that graduated in 2024, they are now leading two small congregations in two different areas, we have been staying in contact with them and are encouraged to see their development.

Pray for the Leaders

Please pray for the Tiale pastors and pastors in training as they stay faithful during this season of growth, 2027 will be a monumental year for the Tiale people and Satan will not want their success.
