

Lamentations 3:25 *"The LORD is good unto them that wait for him, to the soul that seeketh him".*

WHAT'S NEW...

❖ **Heading Back:** Lord willing, we will head back to Vanuatu (as of now, our best guess) is somewhere between April and July. This is our current projection, but due to the unpredictability of Covid-19, we are patiently waiting on God's timing.

❖ If you would like for us to share at your church, please contact us! We would love to share what God is doing in the lives of the Tiale people of Vanuatu.

❖ **Praise God:** We have been safe and encouraged during our travels-20k miles!

❖ **Praise God:** We get to hear from our Tiale family semi-often and they all desire for us to be back; they want us back today!

❖ **Praise God:** We have been able to share about God and His work with many people.

❖ We have various projects if you are interested and would like to partner with our ministry; please email us.

PRAYER REQUESTS:

- **Pray:** The country of Vanuatu as it is becoming cyclone season.
- **Pray:** To find new ministry partners and be closer to 100% support.
- **Pray:** For the 3 main steps before we go back; 1) Easy transition traveling, 2) Medicine available, 3) Medevacs available again.

Brief Recap

We feel so blessed, as many of you ask us regularly when we are going back to Vanuatu, knowing that our heart desire is to be with the Tiale People. We have officially driven over 20k miles, our car is doing great, and we have had no issues while traveling! *Praise God!* It has been a blessing to be able to share about what God is doing in and amongst the Tiale people; we truly love our job! We have been taking full advantage of being back; doctor visits, visiting friends, going to church and small groups, and much more. We have been revisiting all of Nicole's doctors since it has one year now since her first visit with them. She has shown so much improvement; we are humbled that God has fully healed her.

Looking For Opportunities to Share

Since it is looking more like April to July for when we will make our return, we are trying to make a conscience effort to speak at more churches; whether it is to raise awareness of 'Unreached People Group' (U.P.G.) ministries, or to gain new ministry partners. We look forward to present God's work wherever we are located. One of our supporting churches is transitioning pastors, so Seth has "filled the pulpit" for them, and that was a blessing as he gets to extrapolate God's Word and share it with the congregation. If you are receiving this update letter, and you are *NOT* an existing supporting church (or a part of), we would love to share our ministry and UPG ministries as a whole to your congregation, please contact us if you would like us to visit your church. We have already picked up a couple speaking engagements at new churches these upcoming months. We have always lingered around 80% support; our home pastor and other supporting churches would like to see us closer to 100% before we head back to Vanuatu.

Month-by-Month

We have been checking several sources monthly; government information, travel websites, health department, airlines, other missionaries and various other places to see what is the latest news for traveling back to Vanuatu. The South-Pacific is still one of the few places completely closed off. We are still waiting for; short quarantine, the assurance that Nicole can get her medicine, and Medevacs available incase we have another issue. ALL of this is in our Sovereign's hands.
