Leaders Maturing

As the Bible School comes to a close for this season, it is always a privilege to see the two pastors grow in their understanding and gift of teaching. The lesson development, though arduous, was well worth the effort in providing a model that can be replicated, and not dependent upon us or anyone else, but on God's Word and the leading of the Holy Spirit. Please pray for these men, as they shift from Bible teachers at the school, they will now focus primarily on Tiale based ministries.

These men will lead outreaches to other Tiale villages, as well as villages in sister languages. These men are growing in their gifts to the extent that other missionaries and other churches invite them to preach and to encourage their ministries. God is truly using the Tiale people in the deep jungles to reach the nation of Vanuatu with the Gospel.

One of the primary focuses in ministry we would ask you to pray for would be the evangelization and development of the youth. We will be launching a 20-week program to engage the youth, with hopes to bring them into the fold and disciple them into maturity, leading them to one day come to the Bible School, and then possibly be leaders of their own church one day. Check the link to see how your youth group could partner with this endeavor: <https://stokingthefires.com/2027-youth-ministry-revitalization-initiative/>.

Pray for the Pastors in training

Please pray for the two Tiale pastors in training; they both did well during their first time as teachers at the Bible School, showing that they are “apt to teach” (1 Tim. 3:2). By God's grace, they are on pace to be ordained next year, Lord willing.

Pray for the Students

Please pray for the students; as school has come to a close for 2026. The students now must remain faithful to the lessons they have learned over the last 6 months. They will now be called to put their faith into action, facing attacks from the enemy and cultural pressures.

Pray for the Graduate Students of 2024

We have been keeping in touch with two students that graduated in 2024, and we are encouraged to see them continue in the faith. We had supplied them with materials to teach in the respective areas; both are from two of our different sister language groups.
